

GLOBAL CONNECTIVITY

Checking your diary, posting payments or making notes is simply a matter of having Internet access with Eminance Mobile Connection.

Ideal for satellite practices, E=mc offers all the facilities required to run your practice remotely from your web enabled cell phone, PDA or notebook.

E=mc offers a totally new dimension to practice management and gives you the freedom to plan your day, long before you even get to the practice.

Take your first truly mobile step and contact us today on (021) 790-1124 to see how Eminance can liberate your practice.

A NEW DIMENSION TO PRACTICE MANAGEMENT

E=MC

MOBILE COMPUTING FOR EMINANCE

Using your Smart phone or PDA you can now access key elements of Eminance for Optometry from anywhere in the world.

Eminance for Mobile Computing is to be released at the Vision 2006 Congress.

Check your diary, post payments or making notes is simply a matter of having Internet access.

Working remotely is now accessible to anyone that has a high-speed line into the practice (ISDN

or ADSL) and some connectivity from the remote site. Using your laptop and 3G or HSDPA means you are always in contact with your diary and data in the practice.

THE DIARY

The diary allows all the functionality of your elec-

tronic diary without having to make a call.

E=mc allows you to work from home, ensuring your claims are ready for sending when you arrive at the practice. There is no need to copy data, or carry CDs or backups around.

Quick access to key features in Eminance is just a few clicks away.

FUNCTIONAL

Functionality of the buttons shown includes: (from left to right)

- Editing patient details
- Enquiries
- Notes
- Invoicing
- Payments

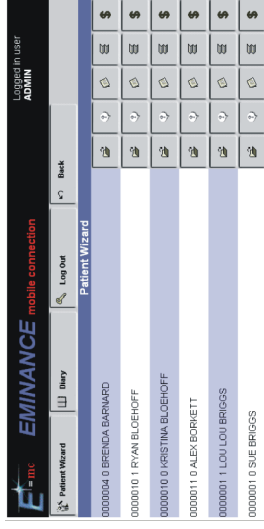

Your service provider (ISP) will be able to assign a dedicated IP address or access to your server, but contact us to ensure you get a cost effective option on 0861 110011.

SECURE

Commercial sites offer free DNS routing (dns4me.com) to

facilitate the connection between your Apache Server, used to make the information available, and the Internet connection.

Using password controls ensure only authorised people have access to your dataset.

For more information on being activated on E=mc, please contact our helpdesk.

They are ready to assist you in obtaining the E=mc version of Eminance and to assist with the setup process. Call: 0861 110011
